

Dear Personnel at Scranton Orthopedic Center:

We would like to thank all of you at your office for the wonderful care we have received at your center. My husband had back surgery by Dr. Gillick over 10 years ago and several different Dr. visits with other Doctors and has had no problems with any of the procedures.

I am now having procedures by Dr. Gillick due to having polio, when I was 3 years old, and he has treated me with top notch care! I just wanted to give everyone there a huge THANK You all for the wonderful care, treatments and the wonderful personalities that you all seem to possess.

You folks are all TOP NOTCH! Keep up the great work and the pleasant atmosphere and great attitudes! We applaud all of you!

*Thank You
for making
us feel so
healthy and
so special!
God Bless all of you!*

*Sincerely,
Jerry & Kay Hiller*
