

I would like to express my gratitude to Scranton Orthopedic Specialists in Dickson City, Pa and especially Dr. Christopher Henderson. I underwent a laminectomy and fusion surgery in May 2012. Everyone involved helped to make it a positive experience.

Previous to my having the surgery I suffered pain and numbness in my hips and legs. In 2 years it progressed causing me limited mobility, Since the surgery I have been pain free.

In August 2012 I Began walking starting from a mile working myself up to 5 miles a day. I also recently went for a Bike ride.

Thanks Dr. Henderson!
