

Dear Dr. Henderson

What can I say
to someone who's done
so much for me,
who means so much to me,
who holds such an important place
in my heart?

All I can think of
is thank you,
thank you,
and thank you again.

Rosemary McAndrew

P.S. Please tell Paula & the
rest of your staff that I am
thankful for them too.

Dear Dr. Henderson

I just wanted you to know how very much I appreciate everything you have done for me. After seventeen years of living with pain, I can honestly say I am now pain free and it's all because of you.

You are a wonderful doctor and I will always be thankful to you.

Thanks once again

Corey, Mike, Andrew & Family
