Dear Ms Bewick:

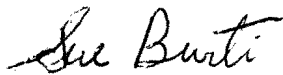

I am responding to your August 1 letter to me regarding my writing a testimonial concerning Dr. Michael Tracy who was the surgeon that recently treated me.

First of all, I must say that Dr. Tracy treated me with much compassion from the first time I met him to my recent last visit. And also, everyone in his office was very courteous to me.

I think that my recovery went very well because of Dr. Tracy's suggestion that I wear a stimulator for three months following my surgery. Although at first it was an inconvenience for me, I then realized that it aided greatly to my recovery. And for that I thank Dr. Tracy.

In closing, thank you very much for giving me this opportunity to thank Dr. Tracy for all that he has done for me.

Sincerely,
