

Dear Ms Bewick,

My name is MaryAnn Cimino, and I had my shoulder done by Dr. Michael Tracy. He's not only a great doctor but a human being.

The day of my surgery, he was kind & a very caring person. Everything went well, made sure I had medication for Pain when I went home. Honestly I very seldom had to take it. He did a great job.

I would recommend him to anyone and already have. He a marvelous doctor & a good surgeon. Thanks Dr Tracy!

Sincerely,
M. Cimino
